

Maestro Seminar 2015/2016
Winter Semester
"Contact Mechanics"
Wednesday at 10:15 - 11:45
Room 1177

October 7, 2015	Sylwia Dudek Analysis and approximation of a strain-limiting nonlinear elastic model, I.
October 14, 2015	Sylwia Dudek Analysis and approximation of a strain-limiting nonlinear elastic model, II.
October 21, 2015	Piotr Kowalski (Lodz University of Technology) On multivalued Duffing equation.
October 28, 2015	Pawel Szafraniec Existence result for thermoviscoelastic thermistor with friction.
November 4, 2015	Tomasz Janiczko Barrier solutions of elliptic variational inequalities.
November 18, 2015	There is no seminar on that day.
November 25, 2015	There is no seminar on that day.
December 2, 2015	There is no seminar on that day.
December 9, 2015	There is no seminar on that day.
December 16, 2015	There is no seminar on that day.
January 13, 2016	Tomasz Janiczko Barrier solutions of elliptic variational inequalities.
January 20, 2016	Justyna Ogorzaly Analysis of a sliding frictional contact problem with unilateral constraint.
January 27, 2016	Tomasz Sluzalec Existence results for unilateral contact problem with friction of thermo-electro-elasticity.
